

Corporate Sponsorship Packages

Play your part in this incredible community initiative.

The story so far...

In 2013 Stocksbridge Leisure Centre was closed and earmarked for demolition by Sheffield City Council. The Local community were determined that this vital facility should not be lost forever. Following a long battle culminating in a visit to the high court the centre was handed over to the community to run for themselves. Since its reopening in January 2014 the centre has gone from strength to strength and is now a vibrant facility for all the community, particularly the most vulnerable members of our society.

Phase 2 of the project is to reopen the two swimming pools. In order to achieve this we need to raise **£100,000** for essential repairs. Private individuals will be contributing in a variety of ways but in order to make the dream a reality we need to support of businesses and organisations.
